

We're Here to Help

Times are tough right now. If you are struggling to care for your beloved equine family members, Animal Protection New Mexico's Equine Protection Fund is here to offer assistance in the form of emergency feed, gelding, and even humane euthanasia if necessary. We coordinate with partners throughout the state to provide equine assistance to New Mexico residents with demonstrable need.

Someone Needs You

Can you imagine not being able to feed your beloved horse? The drought and pandemic have had a devastating impact on thousands of equines and their families in New Mexico. Job loss and illness resulted in over **900** people having to choose between feeding their horses or providing basic needs for themselves and vulnerable human family members. Our Equine Protection Fund stepped up and got life-saving feed and assistance to over **1,200** horses in need throughout New Mexico *in just one year.*

But with demand for our services increasing like never before, we can't continue to do this without your help. Please give to Animal Protection New Mexico...to keep all horses safe, fed, and loved.
